- Dental Assistant in Baveno, Via Torino 2 (Italy) Dr. Gianfranco Ricci.

2013-2015:

- Dental Assistant in Rome, Via Francesco Crispi 58 (Italy) Dr. Antonio Maria Frascarelli (Summertime, 3 months every year).

2010-2015:

- English teacher for beginners and intermediate students attending middle and high school.

Scientific Publications

2025:

Author of the article published on the journal MDPI in the Oral section, Volume 5, Issue 3, September 2025:

- Topical Oxygen Therapy (blue®m) for Post-Surgical Care Protocols to Promote Wound Healing in Periodontology and Dental Implants: A Case-Based Literature Review.

Author and winner of the poster contest Bluem 2024/2025 in Wien (Austria) with the poster:

- The combination of Bluem and Zi implant for a long term and predictable result.

Author of the article published on "Straumann iExcel Motivados Para La Excelencia":

- Reemplazo De Diente Molar Inferior En Lecho Cicatrizado.

Author of the article published on "YouTooth" by Straumann:

- Combining clinical simplicity and patient comfort with Straumann LOCATOR FIXED overdenture.

2024:

Author of the article published on "YouTooth" by Straumann in German / French / Italian:

- Uso di impianti Straumann BLT da 3,3 mm e aumento osseo con Cerabone® Plus nella zona estetica.

Author of the article published on "Dental Tribune Italia" No. 2/2024:

- La digitalizzazione come strumento di comunicazione con il paziente.

Author of the article published on "Neodent Brief News Serbia" No. 40 - Maj 2024:

- Restauracija Frakture Gornjeg Centralnog Inciziva.

Author of the article published on the website polydentia.ch:

-Restauro di Classe II sul primo molare con Quickmat Fit matrici sezionali anatomiche myRing Forte.

Author of the book "Straumann iExcel Clinical Casebook" (Volume 1) "Lower Molar Tooth Replacement In Healed Site With Straumann TLC" published in English by Straumann.

Author article published on the website of Cervico by VPI | Advanced Emergence Profile:

-Advanced Dental Implant Procedure for Tooth 22 Restoration.

Author article published on the International Journal Of Future Dentistry (2024:Vol. 4:No. 4:48-49):

-Immediate Implant Placements after Extractions in Order to Preserve the Bone Around the Implants During the Healing: Clinical Case with 10 Years Follow Up.

Author article published on the International Journal Of Future Dentistry (2024:Vol. 4:No. 4:36-38):

-Achieving a Predictable Long Term Success in Full Arches Rehabilitations with a Patient Treated with Bisphosphonates.

2023:

Cooperation in the writing of the book "Patient-centered approaches in the real world / State-of-the-art dental clinical practice" published by Quintessence Publishing and Straumann CODE - Center Of Dental Education.

Author of the presentation for the "Megagen Megamind 2023".

Author of the article published on the book Minec Megamind 2023 The Road To Antalya:

-Case Presentation Megamind 2023.

Author of the article published on "YouTooth" by Straumann:

-Use of the ø2.4mm Straumann® Mini Implant System in a patient with limited bone availability in the lower jaw: A 3.5 year follow-up.

Author of the article published in English and in Italian on "Neodent Clinical Casebook 30 Clinical Cases Celebrating Neodent History" by Neodent:

-Removable rehabilitation over implants in mandible using Novaloc.

Author of the article published in German on "Dental Tribune" No. 7/2023 for Austria / Switzerland / Germany:

-Natürlich aussehende und funktionell korrekte Restaurationen.

2022:

Author of the presentation for the "SWCC Straumann World Class Cup 2022" winning the second place overall.

Author of the presentation for the "Straumann Smile Award Contest 2022".

Author of the poster Clinical Case published on Botiss website as "Case Of The Month August 2022":

-Maxillary sinus cyst removal using the Crocodile Technique and subsequent lateral sinus lift with Cerabone®, Maxgraft® and Jason® Membrane.

2021:

Author of a Poster at the Digital Dentistry Society Global Congress in Como (Italy), published on PubMed and on "Journal of Dentistry" (Journal of Dentistry 121 (2022) 104044):

-Usage of digital techniques to achieve higher precision and predictability in oral rehabilitations.

Author of the article published on "YouTooth" by Straumann:

-GBR with Permamem® and Straumann® BLX Ø 3.75 mm implant in the esthetic zone.

2020:

Author of an article on PubMed, published on "BMC Oral Health" (BMC Oral Health. 2020 Feb 17;20(1):53):

-Influence of the implant-abutment connection on the ratio between height and thickness of tissues at the buccal zenith: a randomized controlled trial on 188 implants placed in 104 patients.

2019:

Author of three Posters at the Digital Dentistry Society Global Conference in Baden-Baden (Germany), published on PubMed and on "BMC Oral Health" (BMC Oral Health. 2019 Dec 19 (Suppl 1):257):

-Flat to Flat Vs Magic Five Cone Morse Connection regarding height/width ratio of peri-implant buccal soft tissues.

-Analysis of the Height/Width ratio of peri-implant soft tissues in the different oral sectors.

-Key role in impression accuracy: transfer types or implant placement angulation? An in vitro 3D evaluation.

Author of one Poster at the International Dent 4 All Congress in Bucharest (Romania):

-SEM And EDX Surface Analysis Of 5 Sterile-Packaged Implants.

Author of three Posters at the International Osteology Symposium in Barcellona (Spain):

-Human B2-Defensin in oral Lichen Planus expresses the grade of inflammation.

-Analysis of the ratio between Height and Width of peri-implant soft tissues in the different oral areas.

-Flat to Flat Vs Cone Morse Connection regarding height/width ratio of peri-implant buccal soft tissues.

2018:

Author of two Posters at the Anyridge Day in Milan (Italy):

-294 IMPIANTI - Analisi del trofismo tissutale peri-implantare nei diversi settori dei mascellari.

-Analisi comparativa del trofismo tissutale peri-implantare in due diverse tipologie di connessione.

Author of two Posters at the 14° Annual Megagen International Symposium in Las Vegas (USA):

- 1:1,54 vs 1:1,18 Flat to Flat Vs Magic Five Cone Morse Connection regarding height/width ratio of peri-implant buccal soft tissues.

-1:1,23 vs 1:1,77 Analysis of the Height/Width ratio of peri-implant soft tissues in the different oral sectors.

2017:

Author of four Posters at the 24th Collegio Dei Docenti Universitari in Milan (Italy), subsequently published on the "Journal Of Osseointegration" (Gennaio-Aprile 2017, 9, 1):

-Titanium mesh: early exposure managing proposal.

-1,5mm of buccal bone width prevents recession: perspective evaluation on 84 consecutive cases.

-0,25 mm of switching platform reduces bone resorption: perspective evaluation on 84 consecutive cases.

-Human Beta2-Defensin in Oral Lichen Planus expresses the degree of inflammation.

Author of an article on PubMed, published on the “Journal of Biological Regulators and Homeostatic Agents” (J Biol Regul Homeost Agents. 2017 Apr-Jun; 21(2 Suppl 1):97-103):

-Periodontal microbioma and rheumatoid arthritis: The role of Porhyromonas gingivalis.

2016:

Author of one Poster at the 12° Annual Megagen International Symposium in Moscow (Russia):

- >5 Is the Papilla presence predictable? The distance between the prosthetic Contact Point to Bone Peak (CBCP) that will probably NOT lead to a Papilla growth.

Other certifications (Linguistics):

-At the moment I'm attending a German Language Course - Level A1.

-FIRST CERTIFICATE English Language - Level B2.

Other certifications (Generic):

-BASIC LIFE SUPPORT WITH DEFIBRILLATOR (BLSD), Basic techniques of relief and cardio pulmonary resuscitation also with the aid of a semi-automatic defibrillator.

-DRIVING LICENSE B.

-INTERNATIONAL DRIVING LICENSE.

Personality and main characteristics:

Dynamic, expansive, responsible, autonomous and determined. I can create good relationships with all the kind of personalities.

Personal skills

MOTHER TONGUE(S):

Italian
